Kirtan Kapatel

Full-Stack Developer | ASP.NET Specialist

Email: pkachhiya888@gmail.com

Phone: +91 97734 67738

LinkedIn: linkedin.com/in/kirtanhpatel

PROFESSIONAL SUMMARY

A highly motivated and detail-oriented BCA graduate with strong foundational knowledge in both frontend and backend development. Proficient in frontend technologies like HTML, CSS, JavaScript, and React for building dynamic, responsive interfaces. Skilled in backend development using PHP, Node.js, MongoDB, and MySQL, with a solid understanding of DBMS concepts. Well-versed in developing applications using ASP.NET Core and VB.NET. Additionally, skilled in using Figma for UI/UX design and prototyping. Seeking an opportunity to contribute technical expertise and innovative problem-solving skills to a forward-thinking development team.

EDUCATION

The CVM University | Anand, Gujarat
Bachelor of Computer Applications (BCA) | CGPA : 9.84/10 | Aug 2021 - May 2024

SKILLS SUMMARY

Languages:	C, C++, Java, Python, SQL, JavaScript, C#, VB.Net, PHP
Frameworks:	React.Js, ASP.NET/ASP.NET CORE, Node.js, Express.Js, Bootstarp and Tailwind Css
Tools:	Git, MySQL, SQLite, MongoDB, Postman, VScode, NetBeans, Spyder, Figma, Canva
Platforms:	GitHub, Netlify, Framer, Jupyter
Soft Skills:	Leadership, Management, Team Collaboration, Adaptability, Excellent communication

WORK EXPERIENCE

UI/UX DESIGNER INTERN | NATIVE SOFT TECH | REMOTE — May 2025 - Present
- Currently working on wireframing the complete user flow for Tramble, an online movie ticket booking platform.
- Collaborating with the team to understand user needs and translate them into intuitive, user-friendly layouts.
- Will proceed to develop interactive prototypes and design visually appealing, accessible user interfaces.

FULL-STACK DEVELOPER | JINARTH INFOTECH | ON-SITE — May 2024 - Present
- Contributed to multiple full-stack projects using MERN stack and ASP.NET Core MVC.
- Built responsive, user-friendly interfaces with React, Tailwind CSS, and Bootstrap.
- Developed secure and scalable backend APIs with Node.js, Express, and Entity Framework.
- Applied strong UI/UX principles to enhance design, usability, and user engagement.
- Designed graphics and prototypes using Figma, Adobe XD, and Photoshop.
- Worked in an agile team using Git, Postman, and participated in sprints and code reviews.
- Gained hands-on experience in full-stack development, cross-functional teamwork, and end-to-end project delivery.

RELEVANT PROJECTS

HD Globe Trade | LINK — Nov 2024 - Feb 2025
- Collaborated with colleagues to design and develop a professional **import-export business** website for HD Globe Trade.
- Built using modern web technologies to ensure a responsive and user-centric experience.
- Developed intuitive layouts showcasing services, global reach, and product offerings to enhance credibility and engagement.
- Implemented clean **UI/UX design** practices for smooth navigation and accessibility across devices.
- Contributed to both frontend and backend development, ensuring smooth integration and deployment.

Jinarth Infotech Website — March 2025 - May 2025
- Crafted a fully responsive, desktop-first website for a service-based company Using **React**.
- Showcased offerings like web/app development, UI/UX courses, and internships.
- Implemented smooth navigation, modern design, and interactive animations using **DaisyUI** and **Framer Motion**.
- Gained hands-on experience in **React component architecture**, **state management**, and **third-party library integration**.
- Refined skills in **responsive design, UI/UX**, and **cross-device performance optimization**.

Pharmacy Management System — Jan 2024 - April 2024
- Built a full-stack Pharmacy Management System using **HTML**, **CSS**, **JavaScript**, **Bootstrap**, **PHP**, and **MySQL**.
- Designed and implemented two core modules: **Admin** (user management, inventory, supplier/item handling, reports) and **Pharmacist** (Login, stock control, invoicing, customer management, search, feedback).
- Created a **responsive frontend** with **Bootstrap** and a **secure, role-based backend** integrated with **MySQL**.
- Enhanced proficiency in **full-stack development, authentication,** and **relational database management**.
